

THE MEADOWS ESTATE
Mr. Kalahari Bierman

19 May 2020

To the Board of Directors,

THE RECCE CARE PROJECT

On behalf of the South African Special Forces Association, we would like to thank you for the generous donations received from your estate's residents on Friday 15 May 2020. Because of The Meadows Estate's collective contribution, we are even better able to assist five different communities and reaching a total of six hundred individuals.

Thank you for the kindness, compassion and great attitude you have shown towards us in assisting our SASFA members, their dependants and the community of influence in South Africa. It is truly appreciated.

As confirmed in one of our previously exchanged letters, we will be repeating the whole collection operation again on *Friday, 19 June 2020 from 11h00-12h00*. After our Recce Care Project's team debriefing, we have discovered that clothing items are also being requested. If it finds your approval, we would like to add the donation of clothes to the existing list of donation requests sent out to residents for future collaborative contributions.

To everyone at The Meadows Estate, we thank you for your willingness to serve.

"And when we face uncertainty, unrest, danger, pain or hurt, remember

We fear naught but God".

Sincerely,

Christo Roelofse
SASFA Chairman
